DEAR SIR

praise the Lord. Happy new year of 2010. I hope you, your entire family and the Diocese are doing well in our Lord Jesus Christ. I thank God for sustaining me and my whole family throughout my holiday which was ^{from} December 2009 to February 2010. In my holiday my family and I passed through several difficulties. My mother was very sick and upto this moment she has not recovered well. Also we were and we are still there in the difficulties of drought and famine. Therefore day and night there is a struggling of finding what to eat or to sustain our life because also the financial status of my family is completely not well. Despite of these difficulties, I thank God because I am back in college and I am ^{continuing} ~~continuing~~ with my studies of finishing my first year of Diploma in Applied Theology. I take this opportunity to thank you and your Diocese greatly for your support. If it were not you though the sponsorship you are offering to me, I could not be in this college of Misalato Theological college. My mother, father, brothers, sisters and I, appreciate so much and we are praying for ^{you,} your entire family and your Diocese. It is my hope that you will continue sponsoring me till I finish my three years course in 2012. May God bless you so much Amen.
