My Studies continue well because of your support upon my remain fees. I am on the way to complete my course but I will remember your foundation which did wonderful for work for God's servant. I will still communicate with you because I want further studies if God wishes.

I had good holiday on recent Year 2009 because my Church gave a chance of working in the Church for two and half Months. Basically, God did many wonders to his people while I worked with them. I conducted Seminars and preaching in different parishes. My family are going well in health but in physical needs are suffer a lot because of bad weather, absolutely the food is a problem for them. While I study here, family in one or other way they feel burden of how to run the family to find their needs. However, I know that God can show the way I how to fight with that is like temptation in my study. I would like to inform you that after completing my studies I will ordain because when I was on holiday they told me to be prepared.

I wish you all the best on contributing the money for those who are in need. May the Lord shining upon your foundation.

Your faithfully servant,

You can do anything if you only know what it is. And
