REF: MY THANKS FOR YOUR SUPPORT MY STUDIES.

Happy Christmas and New Year.

Dear Sir first of all I take this opportunity to thank God who enabled my family to see this new year by His Grace. Also He enable me to continue with my studies. But again as the heading above, I would like to thank you for your last semester support for my studies which helped me and my family to feel happy and praise God about it.

It was not easy to support myself and my children who are at Secondary school for fees, but your support has helped me to decrease the problem about fees. Therefore I thank you so much for that, because it encourage me also to double my efforts, that is why I see your contribution to me is very valuable.

I beg your pardon to go on for the new Academic year which will start on August, 2010.

Your faithfully

NIKULAMBA KIBOMA.
